

	Investigator in clinical project coordinated by Institute of Psychiatry and Neurology in Warsaw entitled: 'The efficacy and safety of electroconvulsive therapy in elderly patients' (successfully completed in 2020).	
<b>Discipline</b> for a future doctoral dissertation (possible: sociology, political and administrative sciences, culture and religion sciences, literary studies, psychology, fine arts and art conservation)	psychology	
<b>A brief description</b> of the research directions pursued by the supervisor (a few sentences describing the scientific/artistic specialization; main research problems; scientific interests) and a possible link to the website/research team	<p>I am a clinical psychologist and researcher specializing in the positive clinical psychology. My work sits at the intersection of clinical psychology, emotion regulation, and therapeutic intervention.</p> <p>My research primarily investigates cognitive-emotional mechanism for resilience and reducing vulnerabilities for mental health issues.</p> <p>I conducted studies in the field of self-regulation, especially the role of positive emotions in coping with stress and increasing well-being.</p> <p>I am also interested in investigating innovative strategies for mood stabilization (e.g., in Bipolar Disorder) and reducing the risk of relapse.</p>	
<b>Potential thematic areas</b> of doctoral dissertation projects that the supervisor would be able to conduct or a research grant topic in which the supervisor could engage doctoral student(s)	I am open to a range of PhD topics (within clinical psychology and/or positive psychology and/or the psychology of emotions), depending on the interests of the doctoral candidate and the primary supervisor.	
<b>Number of people</b> that the supervisor / scientific supervisor would be able to accept as a result of recruitment in the academic year 2026/2027:	<b>to the Doctoral School</b> (doctoral scholarship financed by SWPS University)	Number: 2
	<b>for national and international research projects or grants</b> (doctoral scholarship financed from grant funds)	Number: 0 Project name:
	<b>to the Industrial Doctorate program</b> (doctoral scholarship financed by the Ministry of Science and Higher Education)	Number: 0
	<b>for external mode</b> (no doctoral scholarship)	Number: 2
<b>Number</b> of currently conducted doctorates:	in Doctoral School	Number: 0
	in external mode	Number: 0
<b>The number of doctoral students promoted so far</b> , along with the year of completing their doctoral degrees:	I co-supervised (under the primary supervision of Prof. Ewa Trzebińska) three PhD candidates who, at different stages of their doctoral work, decided to withdraw from an academic career.
